CLOUD DATA ARCHITECTURE

## WORK EXPERIENCE

### Premier Field Engineer Data & AI @ Microsoft

PFE from 2015 to 2018 and Senior PFE from 2018

As a Data & AI PFE, I have:

- Be part of a thriving practice that's constantly looking for ways to improve our customers' experience.
- Work with customers to identify business requirements.
- Implement innovative solutions using the most recent technologies.
- Optimize customers' current data solutions and infrastructure.
- Deliver workshops and training to customers.
- Work at [Station F](#) (World's biggest startup campus opened in 2017 in Paris) helping startups to solve challenges regarding their current usage of their data.

### Consultant BI & Big Data @ DCube

From 2011 to 2015

As a Business Intelligent & Big Data consultant, I have:

- Realize BI and Big Data projects.
- Audit and Troubleshoot SQL Server and Microsoft BI solutions.
- Help multiples clients : Edenred, Saur, Carl Software, Fédération Française de la Randonnée, Banque de France, ...

### Consultant BI @ Devoteam

From 2009 to 2011

As a Business Intelligent consultant, I have:

- Develop multiple BI projects: From the needs to the Reporting.
- Educate on Microsoft BI Technologies.
- Help multiple clients: Philip Morris International, Société Générale, Credit Agricole CIB, Axa Juridica, Havas Media, ...
